Special Bonus Offered To Residents who refer Friends and Family

One of our goals at Hermitage is to foster a culture that feels like home. While it is natural that you develop new friendships as you live here, it is especially nice to have more familiar faces join you to live at Hermitage. With that in mind, we encourage your friends and family to move here and become part of the Hermitage family. It means a lot to us to get your referrals. In appreciation, if you do refer someone and they move in, both you and the person who moves in will receive a one-time \$500 reduction off your monthly rent, after the person referred has lived here 30 days. That means that not only you receive a special bonus for referring someone, your friend or family member gets a special bonus too. For more information, contact Debra or Lynette in the marketing.
