## LIFE HAPPENING HERE AT THE HERMITAGE HAS BEEN SO MUCH FUN THIS YEAR...

Seems like we're still in the Winter season, although the first day of Spring has come and gone. We recommend that you still use caution when walking on the sidewalks and driveway. With the recent rainy and windy weather, we suggest commuting between the Healthcare and Main building by using the G-level. Please be on the lookout for signs with warnings and directions for incremental weather. Stay safe.

Great News From the Engineering Department!

If you own a vehicle that is parked on the Hermitage's parking lot, please ensure it is locked when not in use.

If you would like to be able to place a work request on your own computer, instead of calling the front desk, let us know and we will enroll you in our WorxHub Maintenance Portal.

Our Engineering Department has 10 team members who promote different talents, personalities, and enthusiasm. Altogether, we seek to provide residents and team members with a safe, comfortable, and attractive environment that is conducive to living and working. Let us know what we can help you with.
